

SAA-uk Safeguarding Policy for the Protection of Children and Vulnerable People

1. Context: SAA-uk

1:1 SAA-uk is a leading Asian Arts organisation based in Leeds and working across the wider Yorkshire region. We offer a Concert Series, Music and Dance Academies (including Summer Schools), Community Engagement Programmes and Artist Support. As such we regularly work with children and young people and occasionally with vulnerable adults. The organisation is funded from a variety of sources including Trust Funds and the Local Authority. It is a Regularly Funded Organisation of the Arts Council and derives income from Box Office performance, classes and sale of recordings. We promote and commission new performance, support and develop young artists and bring high quality performance to central and community venues. The organisation was founded in 1997.

1:2 SAA-uk is committed to:

- The welfare of the child being paramount;**
- All children, whatever their age, culture, disability, gender, language, racial origin, religious beliefs and/or sexual identity having the right to protection from abuse;**
- All suspicions and allegations of abuse being taken seriously and responded to swiftly and appropriately;**
- All staff (paid/unpaid) being clear on how to respond appropriately.**
- Identifying regulated activity and ensuring only staff/ volunteers who are cleared by the current authorised body to work with these groups are permitted to do so unsupervised.**

1:3 The Working Environment

SAA-uk operates from a range of community premises and performance venues. The Safeguarding Officer is responsible for carrying out a full risk assessment of all premises with regards to the safeguarding of children and young people and vulnerable groups.

SAA-uk has in place regularly reviewed procedures to enable us to meet the challenges of different working environments and ensure the safety of all.

Where premises are not considered to offer a safe working environment and suitable arrangements cannot be made then SAA-uk will withdraw.

2. Policy applicability

2:1 The aim of SAA-uk's Policy is to promote good practice:

- Provide children and young people with appropriate safety and protection whilst in the care of SAA-uk**
- Allow all staff /volunteers to make informed and confident responses to specific child protection issues.**

2:2 The policy is applicable to any young person under the age of 18 who is in contact with our organisation in whatever capacity and members of vulnerable groups of any age. All organisations or groups with whom we work are required to notify the nominated Safeguarding Officer of members who may need special care. We will recognise and actively seek to meet the differing needs of all vulnerable people notified to us.

2:3 SAA-uk has a duty of care to young and vulnerable people with whom it works, whatever the setting, and will ensure that risk is minimised. Whilst SAA-uk operates in the spirit of openness and mutual trust we acknowledge and accept there are people

who will abuse their position of trust and responsibility with young or vulnerable people and that procedures need to be put in place to ensure that all users are safe.

2:4 Aspects of the Policy apply to:

- ◆ staff
- ◆ volunteers
- ◆ Board members
- ◆ users of services / activities
- ◆ contractors
- ◆ external organisations and individuals working with SAA-uk
- ◆ trainees and work experience / student placements
- ◆ job applicants

It is the duty of the SAA-uk Safeguarding Officer to ensure that every individual has the information they require to operate safely and in compliance with this Policy.

3. Implementation

SAA-uk policy is low tolerance of any situation which may put children, young people or any vulnerable group at risk of harm. We accept we cannot remove risk entirely but will do everything possible to minimise or manage risk without jeopardising our service.

SAA-uk will implement it's safeguarding policy through procedures regarding:

- Reporting
- Code of Conduct / Good Practice Guidelines
- Risk assessment and venue management
- Health & Safety
- Recruitment, selection and induction
- Training
- Information to parents / carers
- Use of photographic images
- Confidentiality
- Policy review

4. Responsibility

4.1 The Board of Directors is ultimately accountable for compliance with all policies and legislation relating to the area.

4.2 Day to day responsibility for implementation is delegated by the Board to the Chief Executive as Safeguarding Officer.

4.3 Monitoring data is received and reviewed by the Board in the form of the Safeguarding Officer's report against each of the procedural areas.

4.4 All personnel have a role to play in delivering this Policy and will be made aware of the procedures to be followed on induction and through staff meetings and training.

4.5 Provision for resourcing this Policy is built into budgets

4.6 It is not the responsibility of anyone working in SAA-uk, in a paid or unpaid capacity, to decide whether or not child abuse has taken place. There is a responsibility to act on any concerns through contact with the appropriate authorities.

4.7 SAA-uk will assure all staff/volunteers that it will fully support and protect anyone, who in good faith reports his or her concern that a colleague is, or may be, abusing a child.

4.8 Policies and the procedures to implement them are open documents and are available to users, funders, partner organisations, parents or others with a legitimate reason to view such documentation.

Annexe B Child Protection Policy Good Practice

Promoting Good Practice

Child abuse, particularly sexual abuse, can arouse strong emotions in those facing such a situation. It is important to understand these feelings and not allow them to interfere with your judgement about the appropriate action to take.

Abuse can occur within many situations including the home, school and the arts environment. Some individuals will actively seek employment or voluntary work with young people in order to harm them. A coach, instructor, teacher, official or volunteer will have regular contact with young people and be an important link in identifying cases where they need protection. All suspicious cases of poor practice should be reported following the guidelines in this document.

When a child enters the organisation having been subjected to child abuse outside the arts environment, arts can play a crucial role in improving the child's self-esteem. In such instances the organisation must work with the appropriate agencies to ensure the child receives the required support.

Good Practice Guidelines

All personnel should be encouraged to demonstrate exemplary behaviour in order to protect themselves from false allegations. The following are common sense examples of how to create a positive culture and climate.

Good Practice Means:

- Always working in an open environment (e.g. avoiding private or unobserved situations and encouraging open communication with no secrets).
- Treating all young people/disabled adults equally, and with respect and dignity.
- Always putting the welfare of each young person first, before perfection or achieving goals.
- Maintaining a safe and appropriate distance with participants (e.g. it is not appropriate for staff or volunteers to have an intimate relationship with a child or to share a room with them).
- Building balanced relationships based on mutual trust which empowers children to share in the decision-making process;
- Making arts fun, enjoyable and promoting fair participation.
- Ensuring that if any form of physical contact is required, it should be done with the consent of the student. Care is needed, as it is difficult to maintain hand positions when the child is constantly moving. Young people should always be consulted and their agreement gained. Some parents are becoming increasingly sensitive about manual support and their views should always be carefully considered.
- Keeping up to date with technical skills, qualifications and insurance in arts.
- Involving parents/carers wherever possible. For example, encouraging them to take responsibility for their children in the changing rooms. If groups have to be supervised in the changing rooms, always ensure parents, freelancers, volunteers or staff work in pairs.
- Ensuring that if mixed groups are involved in SAA-uk's activities, they should always be accompanied by a male and female member of staff. However, remember that same gender abuse can also occur.
-

- Ensuring that at events or residential events, adults should not enter children's rooms or invite children into their rooms.
- Being an excellent role model – this includes not smoking or drinking alcohol in the company of young people.
- Giving enthusiastic and constructive feedback rather than negative criticism.
- Recognising the developmental needs and capacity of young people and disabled adults – avoiding excessive training or competition and not pushing them against their will.
- Securing parental consent in writing to act *in loco parentis*, if the need arises to administer emergency first aid and/or other medical treatment.
- Keeping a written record of any injury that occurs, along with the details of any treatment given.
- Requesting written parental consent if organisation officials are required to transport young people in their cars.

Practices To Be Avoided

The following should be **avoided** except in emergencies. If cases arise where these situations are unavoidable it should be with the full knowledge and consent of someone in charge in the organisation or the child's parents. For example, a child sustains an injury and needs to go to hospital, or a parent fails to arrive to pick a child up at the end of a session:

- Avoid spending excessive amounts of time alone with children away from others
- Avoid taking or dropping off a child to an event

Practices Never to Be Sanctioned

The following should **never** be sanctioned. You should never:

- Engage in rough, physical or sexually provocative games, including horseplay
- Share a room with a child
- Allow or engage in any form of inappropriate touching
- Allow children to use inappropriate language unchallenged
- Make sexually suggestive comments to a child, even in fun
- Reduce a child to tears as a form of control
- Allow allegations made by a child to go unchallenged, unrecorded or not acted upon
- Do things of a personal nature for children or disabled adults, that they can do for themselves
- Invite or allow children to stay with you at your home unsupervised

N.B. It may sometimes be necessary for staff or volunteers to do things of a personal nature for children, particularly if they are young or are disabled. These tasks should only be carried out with the full understanding and consent of parents and the players involved. There is a need to be responsive to a person's reactions. If a person is fully dependent on you, talk with him/her about what you are doing and give choices where possible. This is particularly so if you are involved in any dressing or undressing of outer clothing, or where there is physical contact, lifting or assisting a child to carry out particular activities. Avoid taking on the responsibility for tasks for which you are not appropriately trained.

Incidents that Must Be Reported/Recorded

If any of the following occur you should report this immediately to another colleague and record the incident. You should also ensure the parents of the child are informed:

- Participant(s) is accidentally hurt.
- If he/she seems distressed in any manner.
- If the participant appears to be sexually aroused by your actions.
- If a participant misunderstands or misinterprets something you have done.

Signs of abuse:

A responsible tutor will be aware if there are changes in behaviour or physical signs that may indicate that a child is or has been abused. Any worker having concerns on these grounds should immediately report the matter to the Safeguarding Officer and complete a report form. You should continue to remain vigilant with regards to the child/ young person.

Some of the more common signs of abuse include (but may not be restricted to):

Physical abuse

- Bruising to parts of the body
- Burns and scalds
- Bone fractures
- Aggressive behaviour
- Withdrawn, timid behaviour

Emotional abuse

- Aggressive behaviour
- Withdrawn, timid behaviour
- Failure to make, and, or maintain relationships
- Low self esteem
- Lack of self-confidence

Sexual abuse

- School phobia
- Withdrawn behaviour
- Inappropriate sexual knowledge
- Sexualised behaviour
- Pregnancy
- Promiscuity
- Some physical signs, bruising and soreness

Neglect

- Medical appointments that are not kept
- Poor health and hygiene, leading to a failure to thrive.
- Inadequate clothing for the weather conditions
- Lack of love and attention
- Lack of protection and supervision

Use of Photographic/Filming Equipment at Arts Events

In the course of activities SAA-UK staff frequently take photographs of work in progress and events. In all cases taking of photographs of individuals shall only be done with express permission and the recognition that SAA-uk treat photographs as personal data.

Tell the individual (and / or their legal guardian in the case of children under the age of 18):

- what is being photographed
- why it is being taken
- where it may be seen

If the photograph may be published anywhere, now or at some time in the future, you will need to obtain written consent. SAA-uk has a standard consent form for this purpose. Where images may be used on our website this must be made expressly clear on the consent form

Where a subject is under 18 parental consent will be obtained

Where a photograph or video shot captures a crowd scene in a public place where there is no expectation of privacy e.g. an audience, it is not necessary to seek individual permission for use of any such image. As a matter of good practice and wherever practicable, give the opportunity for people to decline to be photographed should they wish.

Should names be appended to photographs in publications then obtain separate permission from the individual or their legal guardian

Volunteers may only take photographs of participants when a member of SAA-UK staff is present who has ensured these conditions have been met.
